To NABBA Members,

Please note, the NABBA Canterbury Area Representative, Kingsley Hannah resigned from his position in early February.

He has joined a group who are running a bodybuilding show on the same day as our Christchurch classic on the 1st of May.

We know that there is confusion in the South Island with this situation.

We do not wish to be drawn into a political war, as the athletes are the ones that can be used as political pawns in such circumstances.

The NABBA Executive were very united that all affairs of NABBA NZ should be discussed at the Annual Congress. The NABBA Executive is made up of all the Area Representatives from throughout New Zealand. The affairs of NABBA NZ will therefore take into account what is best for all athletes, at all levels, from throughout NZ.'

Like 'Kiwibank' NABBA NZ is ours, not theirs, it is ours. We have operated with great credibility throughout NZ over the past twenty years. We remain committed to 'putting athletes first'. As an Incorporated body we are the only ones who can legally use the name NABBA in NZ.

With the recent resignation of Mark Anderson from the NABBA Nelson Area Rep Position, we are in the position of only being able to offer one South Island competition for 2010.

NABBA NZ SOUTH ISLAND CHAMPIONSHIPS
4th September 2010
